21st Century Bolting Tool Technology

1025 Conroy Place * Easton, PA 18040

TorcUP of Canada Launches Radio Campaign Illustrating Safety and Ease of TorcUP Tools !

Edmonton, AB

From 15 September through the end of November TorcUP of Canada will run 30 second radio ads that feature the dangers of using primitive “slugging wrench” technology and that there is a better way with TorcUP. Not only is TorcUP a better alternative to mechanical methods (hammer wrench, impact wrench, snipe, multiplier, etc) but we will prove it with on site demonstrations and on site user training. But introducing the tools and technology is only a first step; TorcUP will support the systems for a lifetime.

Visit www.torcup.ca today to see the BEST tools in the industry!
